

In re Application of:

Seed et al.

Serial No. 09/836,544

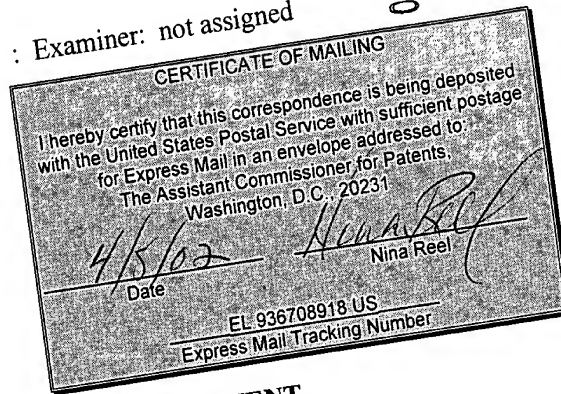

Filed: April 17, 2001

For: RAPID IMMUNOSELECTION CLONING
METHOD

THE UNITED STATES PATENT AND TRADEMARK OFFICE

: Group Art Unit: 1614

: Examiner: not assigned

INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

The Examiner is respectfully requested to consider the references, which may qualify as prior art and are listed on the attached Patent and Trademark Office Form PTO-1449.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of PTO-1449 is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

Pursuant to 37 C.F.R. 1.98(d) the references listed on the accompanying Form PTO-1449 have been provided by Applicants in United States Application Serial No. 07/160,416 filed February 25, 1988 from which the present application claims priority under 35 U.S.C. 120. Accordingly, further copies of the references are not provided.
